ILLINOIS HISTORICAL SURVEY

HISTORY RECORDING ON TIME THE EVENTS OF NATIONS.

## Dedication.

TO HON. C. C. P. HOLDEN,

PRESIDENT CITY COUNCIL:

SIR:—The fourteenth volume of the Chicago City Directory is respectfully dedicated to you as a token of the esteem in which you are held by your fellow-citizens, for many public services performed, during a long residence in a city which owes much of its prosperity and greatness to yourself and associates.

Very respectfully,

RICHARD EDWARDS,

Editor.

# INTRODUCTORY.

---

Though the CHICAGO CITY DIRECTORY, for 1871, is somewhat later in making its appearance than has been its wont under the management of the present publisher, it is presumed that it will be cordially welcomed by our professional and business men, and all due allowance made for the delay in publication, which has been entirely unavoidable, growing out of more than usual labor displayed upon its compilation, its mechanical execution, and the vast extent of territory over which canvassers had to travel in making the canvass. If, however, we compare the time in which the work for 1871 has been issued, with that consumed in the publication of the Directory for 1861, the delay will not appear so extraordinary. In the latter year over four months of time were occupied in the publication; this year but three months have been consumed since the canvass was actually commenced, with more than double the labor and nearly three times the expense upon it than upon the volume for 1861, and yet the price remains the same, \$5.

The publisher takes the occasion this year to call the attention of business men of the city to the completeness and usefulness of the business classification in this volume. Here they will find all trades, occupations, and professions represented. In none of the so-called small business directories published in this city can the same amount of information be gathered. In these works the information is but partial, confined chiefly to advertisers and the balance copied from the regular Directory. Unusual pains have every year been taken by the publisher with that portion of the Chicago Directory, he knowing its importance and usefulness to the people, and that no Directory would be complete or in the least degree valuable without it. Hence, as this is the only publication of the kind in Chicago complete within itself, all others are valueless and useless.

The publisher congratulates the residents of the Garden City upon the increased amount of business in every department of trade, as is clearly exhibited by a comparison between the present and last year's issue of the Directory. A large increase of population—unprecedented activity in building—a system of public improvements, combining the ornamental with the useful—the sanitary condition of the city all that is desirable, rendered so by the complete purification of the river—the activity of our business men, and the general air of prosperity in all our surroundings, surely should call from our people thanksgiving and praise to the Dispenser of all these gifts and blessings.

## Female Seminary

**T**HOSE WISHING A FIRST-CLASS SCHOOL FOR THEIR DAUGHTERS—combining all the advantages of education—physical, mental and moral, with healthfulness and security, would do well to inquire into the character and history of this institution.

In *grade and character*, not a whit behind the very first schools on our Continent, it has *steadily held on its way*, ever since it was started, now for about a third of a century,—generally full to its capacity, and often overflowing. About three thousand young ladies have been educated, wholly or in part, within its time-honored walls. Many of them have been, and are now occupying positions of influence and usefulness, and all seem proud of their *Alma Mater*.

The institute is five miles from Alton, on the Chicago road; and for healthfulness, as well as for attractiveness and beautiful scenery, is unsurpassed by any locality in the country. The death of a pupil has never occurred in the Seminary.

Catalogues, with terms and full particulars, will be sent on application to the Principal,

# Dearborn SEMINARY.

After a very successful experience of fifteen years, in the building erected for its special use, at 81 & 83 Wabash Ave., it has become necessary (on account of the encroachments of business), to remove the Seminary to a more favorable locality, and, fortunately, there has been secured for it the elegant and capacious residence of C. FOLANSBEE, Esq.,

(Cor. Wabash Ave. and Twenty-Second Street.

Standing in the midst of ample grounds, filled with trees and shrubbery; with lines of omnibuses and street cars passing directly by its doors; it presents one of the most pleasant, convenient and accessible places to be found in the city, for a first-class school. Here the next year of the school will open on *September 18, 1871.*

*The School is divided into Three Departments:*

## Primary, Intermediate and Collegiate.

**POST OFFICE DEPARTMENT.****Chicago Post Office.**

West side Dearborn, cor. Monroe. F. A. Eastman, postmaster; C. S. Squiers, asst. postmaster; James Stewart, chief clerk; P. M. Clowry, supt. carriers and delivery; Edward M. Fitch, accountant; Geo. L. Holmes, cashier; W. W. Botkin, supt. money order department; R. J. Blattner, supt. distribution; Fr. Groth, supt. stamp department; T. D. Cleveland, registry department, (day); S. E. Pearce, supt. registry department, (night); David Green, night supt.

The accountant, cashier, and money order department, on main floor, entrance, west door on Monroe. The registry, stamp and stamped envelope department, on main floor, north end of building. The postmaster and assistant's room, entrance from lobby, in south end of building. Office hours. For delivery of letters and sale of stamps, from April 1st to Nov. 1st, 7.30 a. m. to 7.30 p. m. From Nov. 1st to April 1st, 8 a. m. to 7 p. m. Sundays, from 8.30 a. m. to 1 p. m. Postmaster's room open from 8 a. m. to 6 p. m. Accountant, cashier, money order, wholesale stamp and stamped envelope departments open from 9 a. m. to 5 p. m. Registry department open from 8 a. m. to 6 p. m. Revenue stamps of all denominations for sale at the cashier's office.

**RAILWAY POST OFFICES**—Railway post offices are established on all Western lines from Chicago (excepting the Milwaukee railway). These offices run upon morning trains, and letters may be mailed at the cars up to the last moment prior to the departure of the trains. Stamps of the denominations of two, three and ten cents may be had at the cars.

**MONEY ORDER DEPARTMENT**—Especially attention is called to the money order system, as a safe and cheap method of transmitting small sums through the mails. Orders are issued in sums not more than \$50. Larger amounts can be transmitted to the same person, at the same time, by additional orders. Rates—On orders not exceeding \$20, 10 cents; on orders over \$20 and up to \$50, 25 cents. The money order office will be open from 9 a. m. to 5 p. m.

**REGISTRY DEPARTMENT**—Letters can be registered to all parts of the United States upon payment of a fee of 15 cents, in addition to the regular postage.

**POSTAL RULES**—Many errors occur by persons not observing the following regulations in depositing letters, papers or miscellaneous publications, in the office for mailing:

All drop letters must be prepaid by postage stamps. Pre-payment by stamps required on all letters to places within the United States.

Letters addressed to initials and fictitious persons and firms, under the regulation of the post office department, are not deliverable.

Full pre-payment, by stamps, required on all transient printed matter, foreign and domestic.

By inserting the county in which the office is located, upon all letters, many errors in superscription might be detected, and mistakes in mailing be avoided.

Persons calling for letters, other than for themselves, must present a written order therefor.

Samples of flour, tea, coffee, sugar, tobacco and packages containing poisons, oils, explosive chemicals, liquids, or anything calculated to injure or endanger the safety of the mails will not be received.

Valuable letters should in all cases be registered; and when money is designed to be transmitted, a postal money order (to secure safety in transmission), should be obtained when practicable.

Persons presenting drafts drawn by the post office department upon the postmaster of this city, will be required to identify themselves before payment is made.

Cashiers of banks and agents of express companies, holding post office drafts for collection will please leave their official signatures with the cashier of this office, to enable him to verify their indorsements and save delay.

The public are requested to inform the postmaster of any inattention to their duties on the part of the carriers or the clerks in the office.

Employees of this office, while on duty, cannot be seen except on official business.

**THE FOLLOWING CLASSES OF LETTERS ARE NOT ADVERTISED**—Drop letters, unless a three cent postage stamp is affixed. Box letters. Letters directed and sent to hotels, and thence returned to the post office as unclaimed, being for strangers. Letters returned from the dead letter office to writers. Circulars, free packets, containing printed documents, speeches, and other printed matter.

**STAMPED ENVELOPES**—The attention of the public is called to the advantages of using stamped envelopes rather than postage stamps. Daily, numbers of letters are dropped in the post office, without prepayment, with revenue stamps and stamps cut from stamped envelopes affixed, which are held for postage; whereas by the use of stamped envelopes, these letters would go forward without delay. Persons purchasing stamped envelopes of any denomination, in quantities of 500 and upwards, may have their business card and request to return in a specified time printed thereon, not to exceed four lines, free of charge.

**CITY DELIVERY**—Free delivery of letters by faithful carriers will be secured by having the letters addressed to the street and number. Persons calling for mail at the carriers' department of this office on Sundays or holidays, will please give the number of the carrier for the district, and the name of the applicant or firm inquired for.

Head letters with the names of the writers, post office and State, street and number, sign them with full name, and request that answers be directed accordingly. Parties now owning boxes can receive their mail at their places of business or residence by leaving an order in the postmaster's room. The advantages of the free delivery system cannot be too highly estimated. It is more regular, more secure and more convenient than the box system. Many letters pass through the mails, reach this city, and are deposited in the boxes, because of divided responsibility, fail to reach the firm or family addressed. The carriers are under bond for an honest discharge of their duties. If the business community could be induced to cease sending boys to the post office, for their mail matter, and accept the means provided by the department for a safe delivery of letters, through responsible carriers, a great evil would be corrected, and many losses (now occurring) prevented.

The public are requested to adopt the house door letters boxes, the use of which will result in greatly increasing rapidly in the delivery of letters.

It is hoped that those householders who have not hitherto provided letter boxes will not object to doing so, as by that means, at a very moderate expense, they can promote the convenience both of themselves and their neighbors, and the same time render an important aid to the public service.

**N. B.**—A request for the return of a letter to the writer if unclaimed within thirty days or less, written or printed, with the writer's name, post office, and state across the left hand side of the envelope, on the face side, will be complied with. Letters bearing such indorsements will be returned to the writer free of postage.

# STREET AND AVENUE GUIDE.

## EXPLANATION.

Chicago is divided into Three Divisions—the North, South and West Sides, and known by the following abbreviations: N. D., S. D., W. D.

### NUMBERING OF THE HOUSES.

In the South Division all streets running north and south are numbered from north to south; and all streets running east and west are numbered from east to west.

In the North Division all streets running from south to north are numbered from south to north; and all streets (except Rees and Gardner) running east and west are numbered from west to east. The streets in this Division which are continuations of the same streets in the South Division, are called North and are denoted by the prefix N., as Clark, in the South Division, and North Clark in the North Division.

In the West Division, Randolph is made the dividing line, as far as Union Park; west of that, Park avenue divides north from south, and all streets running north and south are numbered from that line, as Clinton running south is numbered from north to south, and N. Clinton running north is numbered from south to north. All streets running east and west are numbered from east to west.

## TO THE PATRONS OF THE DIRECTORY.

Don't lend your Directory. Keep a sharp look out for bogus works. They are gotten up to deceive, and are imperfect and worthless.

### DIRECTORY THIEVES.

There are hundreds of copies of the Directory stolen every year by persons who, under pretence of borrowing for a short period, obtain them for the purpose of sale. Too much caution cannot be exercised in this respect.

**THE**  
**AMERICAN BUILDER.**

An Illustrated Quarto Monthly,

DEVOTED TO

**Architecture, Art, Building,**

ENGINEERING, LANDSCAPE GARDENING, ETC.

---

**The Builder**

Is the oldest Publication of its class in America, and has obtained a wide circulation on account of the uniform excellence of its subject matter and illustrations.

While it is indispensable to every architect in the country, it is of equal value to every man who builds or owns a house; for it furnishes him information on a vast variety of topics that cannot be obtained elsewhere, such as

**DRAINAGE, VENTILATION, HEATING,**

Laying out of Grounds Etc.. Etc..

**BUILDERS OF EVERY CLASS WILL FIND THE PUBLICATION EXACTLY SUITED TO THEIR WANTS.**

It furnishes a means of intercommunication in the different building trades, and contains a complete summary of building news.

---

**Terms, Three Dollars a Year,**  
**Strictly in Advance.**

 Specimen copies sent to any address on receipt of 25 cents.
